Materials Summit 2027

April 05-07, 2027

Location: Holiday Inn Lisbon – Continental, Lisbon

Welcome Message

We are pleased to announce the World Congress on Materials Science and Engineering, taking place on April 05, 06 & 07, 2027, at Holiday Inn Lisbon – Continental, Lisbon, Portugal.

Centered around the theme "Frontiers in Materials Science and Engineering: Driving Innovation, Sustainability, and Global Transformation," the congress will welcome professors, researchers, scientists, industry experts, and students from different parts of the world to exchange knowledge, present their research, and discuss new developments in materials science and engineering.

The scientific program will include keynote talks, technical presentations, workshops, poster sessions, panel discussions, and industry exhibitions, providing an excellent platform for knowledge sharing, professional networking, collaboration, and the exploration of emerging opportunities.

We warmly invite you to join us in Portugal and become part of this global gathering, where ideas can be shared, new connections can be established, and innovative approaches can contribute to the future of materials science.

Best regards,
Materials Summit 2027

About the Event

Materials Summit 2027 serves as a valuable platform for networking, knowledge exchange, and collaboration in materials science and engineering. The conference offers dedicated networking spaces, interactive breakout sessions, and networking breaks, creating opportunities for participants to engage directly with experts and professionals from around the world.

This international gathering will feature keynote and plenary lectures, a young researchers' forum, poster presentations, technical workshops, and career development sessions, bringing together professors, researchers, scientists, industry professionals, and entrepreneurs to share expertise and explore emerging developments.

The conference also provides organizations with an opportunity to showcase their products, services, technologies, and innovative solutions to a diverse international audience. We warmly invite you to join us at Holiday Inn Lisbon – Continental, Lisbon, Portugal, and become part of this global platform for exchanging ideas, building connections, and creating new collaborations.

We do have several topics for the conference. You can choose any of the topics which you would like to present at the Conference such as:

1. Materials Science and Engineering
2. Nanomaterials & Nanotechnology
3. Polymer Science & Engineering
4. Catalysis and Chemical Engineering
5. Graphene and 2D & 3D Materials
6. 3D Printing and Additive Manufacturing
7. Artificial Intelligence in Materials Science and Engineering
8. Biopolymers, Bioplastics and Biomechanics
9. Metallurgy, Metals and Mining Materials
10. Computational Modeling of Metals and Materials and many more.....
